

Advance Industrial Manufacturing, Inc Capabilities Statement

Company Overview

Advance Industrial Manufacturing, Inc. has been providing custom metal fabrication services since 1987. We are a small woman owned business registered with the Ohio Manufacturers' Association and the American Institute of Steel Construction. We take great pride in our ability to produce custom fabrications from customer-supplied specifications. Our strength comes from combining a fast response, quality workmanship and an experienced workforce.

Our senior personnel possess an average of 22 years in manufacturing, engineering, and project management. This experience allows for rapid adjustments in our services in order to meet the ever-changing needs of our customers. Our continued success is acknowledged by the continuance of repeat and referral business, coupled with a swiftly growing list of satisfied clients.

Professional Services

Advance Industrial Manufacturing, Inc. provides services in the following:

- Custom fabrication of specialty components, replacement parts, stairways, handrails, mezzanines, and loading ramps
- Certificates of authorization and stamps to manufacture and repair ASME code pressure vessels (Stamps U and R)
- Forming, Punching, Welding, Rolling, Burning
- Emergency Repair Service

Primary Clients

American Electric Power - Providing transmission and substation steel, replacement parts, field material, and emergency services on a short-lead time basis under contract since 1988.

Babcock and Wilcox - Manufacturing new and replacement parts for power plants, boiler systems, and air scrubbing systems.

Buck Equipment - Manufacturer of car loader ramps, excavation buckets, grapples, rakes, and other specialty attachments.

Goodyear Tire and Rubber Company - Sole producer of custom reels used in the international shipment of steel reinforced belting for mining operations under contract since 1998.

Company Designations

DUNS #: 809941628
Cage Code: 3E6T9
Corporate Status: Small Business
Woman Owned
ORCA Registration: Complete

NAICS Codes

332312 = Fabricated Structural Metal Manufacturing
332313 = Fabricated Steel Plate Work
332323 = Ornamental and Architectural Metal Work
332410 = Power Boiler and Heat Exchanger Manufacturing
332420 = Metal Tank (Heavy Gauge) Manufacturing

SIC Codes

3441 = Fabricated Structural Metal
3443 = Fabricated Plate Work (Boiler Shops)
3444 = Sheet Metal Work
3446 = Architectural Metal Work
3498 = Fabricated Pipe and Fittings
3599 = Industrial and Commercial Machinery and Equipment

Facilities and Equipment

Located in Grove City, Ohio, we operate in three buildings totaling 35,000 square feet on 3 acres of land.

Company equipment includes the following:

- *Structural and Plate Fabrication Equipment:* 43 Lincoln Welding Machines, CNC Burning Machine, Jig Bore, 18" Band Saws, Radial Arm Drill Presses, 500 ton Hydraulic Press Brake with 14' bed, 300 ton CNC Hydraulic Press Brake with 14' bed, Oxyacetylene and Plasma Cutters, Rigid Pipe Threader, C-Punch, 90, 70, and 30 ton Punches, 120 ton Iron Workers, 1/4" x 10' Hercules Shear, 1/2" x 12' Cincinnati Shear, 5" x 5" x 1/2" Pullmax Angle Roll, 5/8" x 12' Webb Plate Roll
- *Crane Capacities:* 20 overhead cranes with two 5 ton trolleys 24' under hook
